## THE CLUB

### Description

The Kitesurfing spot of Grand Gaube has the perfect conditions to learn as it is wide and not very deep so you can take a course safely standing up where even kids can learn! The constant East wind and the warm water will give you facilities to improve quickly in the sport.

Group courses are only given with peoples of same level. Courses are customized depending on the progression of our students, just to give you an idea of our pedagogy, that's the typical courses step by step.

### Kite zone :

Launching and landing are only done in the water to assure the best Safety for riders and spectators.  
Lessons are planned according to availability of the students, schedule of the school and most important weather conditions.

### Equipment :

We use Flexifoil kites and boards.  
We've got a constant boats support to bring you back up wind and give you the best services and safety during all our courses.  
We provide to you the Kite, bar, board, harness, helmet, wetsuit, water shoes and the radio.

### Lesson 1 :

Presentation of the school, the equipments and the spot,  
Setting up the equipment, learn how a kite flies  
First contact with the kite in the water, first body drag  
Relaunch the kite from the water  
Safety

### Lesson 2 :

Exciting body surfing exercises  
Easy relaunch of the kite  
Learn how to travel across the wind  
Board exercises  
Self rescue

### Lesson 3 :
